Exactly.

FORTUNA

WE WERE  
PRESENT  
IN SOME  
AGE

IN SOME  
STRANGE  
STATE

WE TOOK THAT INADEQUATE STEP

TOWARDS THE THING  
FROM OUR  
PAST

THE THING  
THAT NEVER  
LEFT US.

J'AE' OH... WHERE IS YOU NEAR?

REMEMBER US IN YOUR NAME

JAE

NO

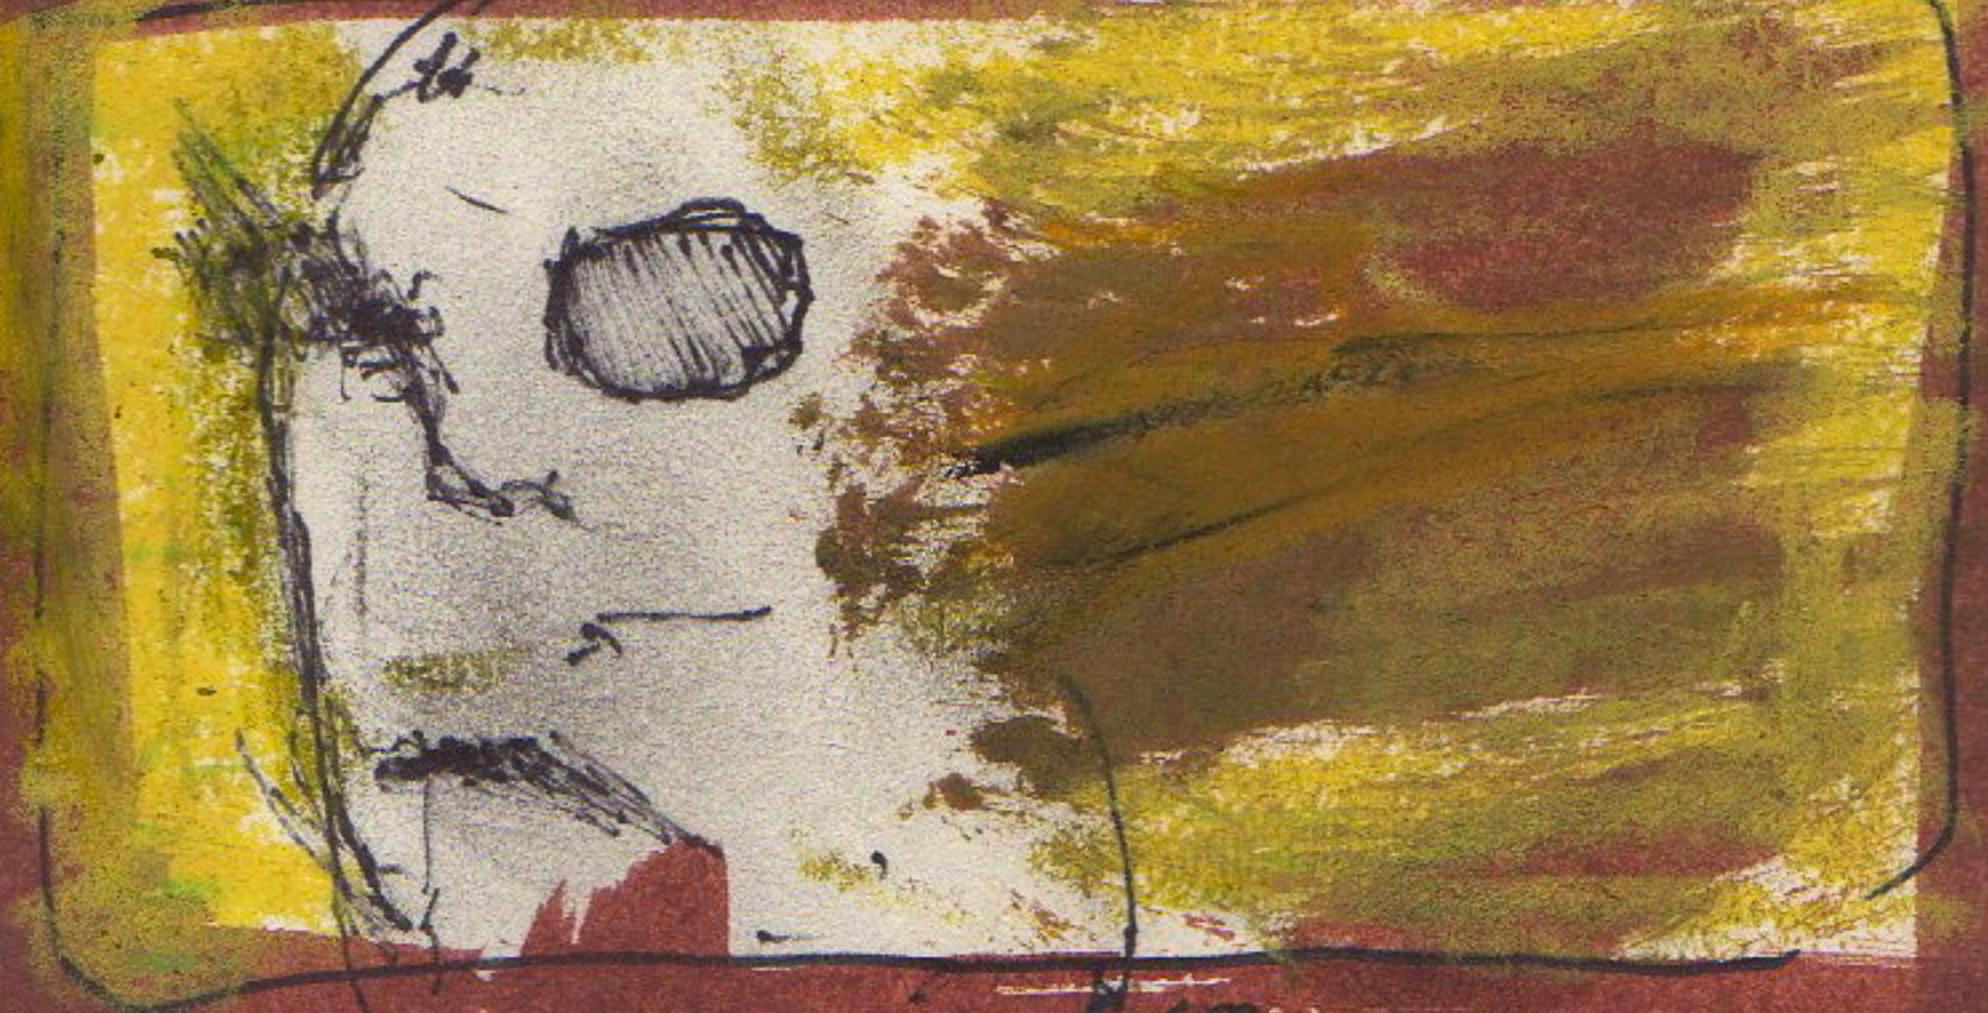

HI

HOW?

WE WERE TOLD  
IT WAS INEVITABLE

WE WERE SET UP,

DISQUALIFIED

JAE AH?

WE WERE  
MADE INCOMPETENT

WE KNEW THEN

WE WOULD  
NEVER  
RETURN THE  
SAME

We haven't forgiven the men.

There was this conversation I had once before I was born.

It was a conversation I had with

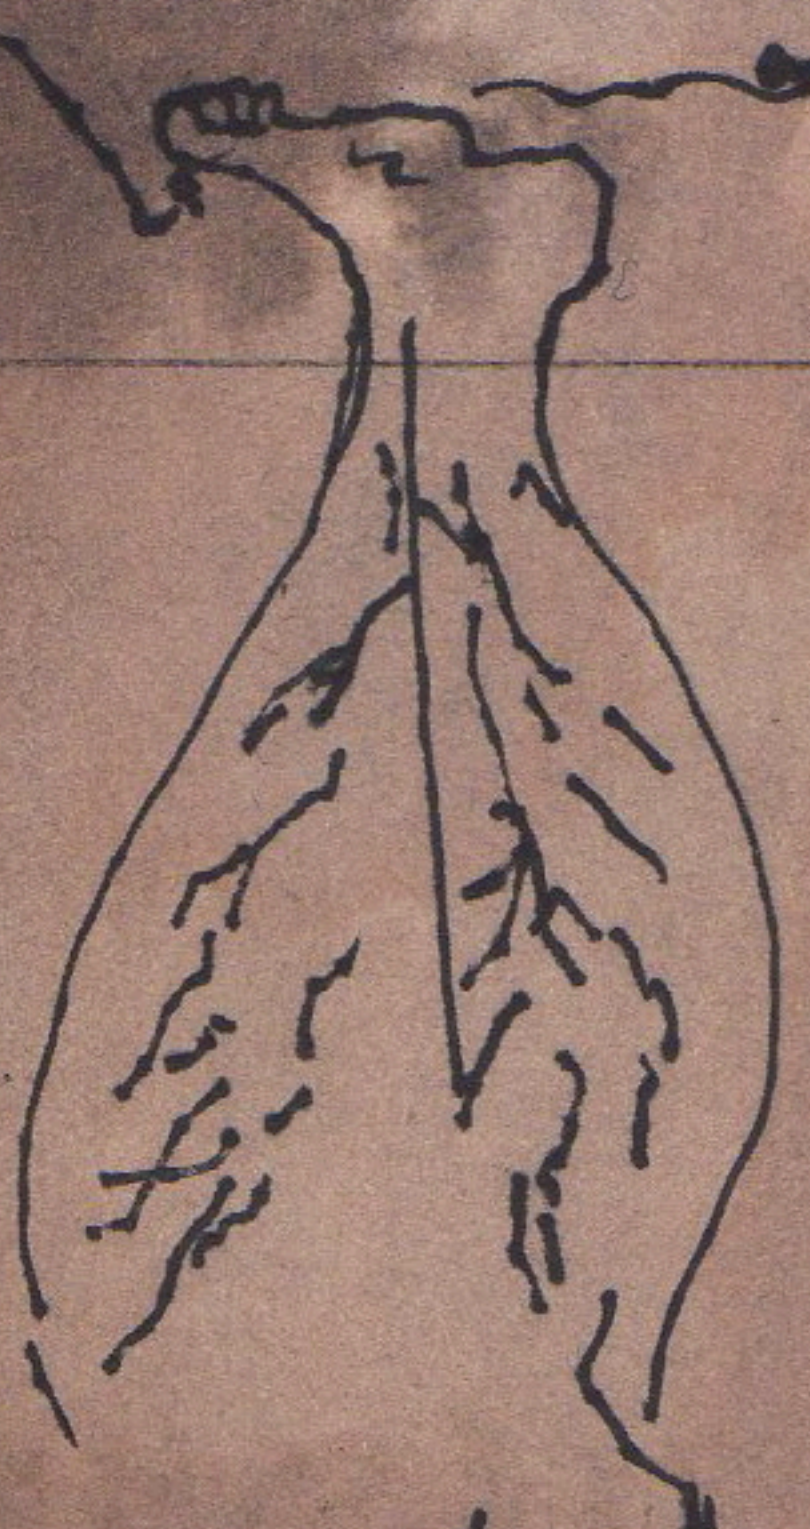

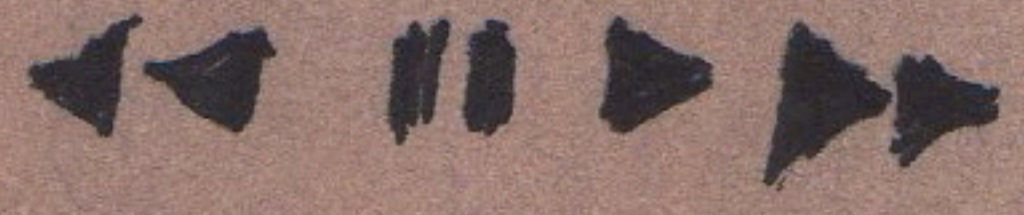

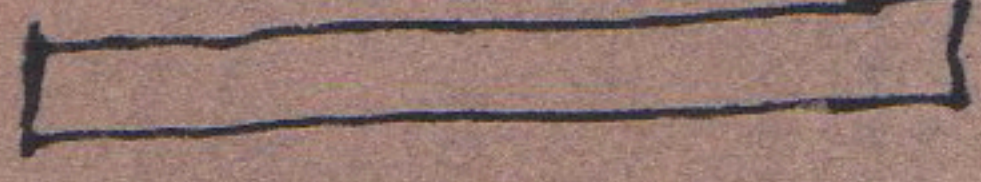

an alien baby whose

mother is a snake.

THE END

NIGHT

then there was this  
dream where I was a head  
but not my body.

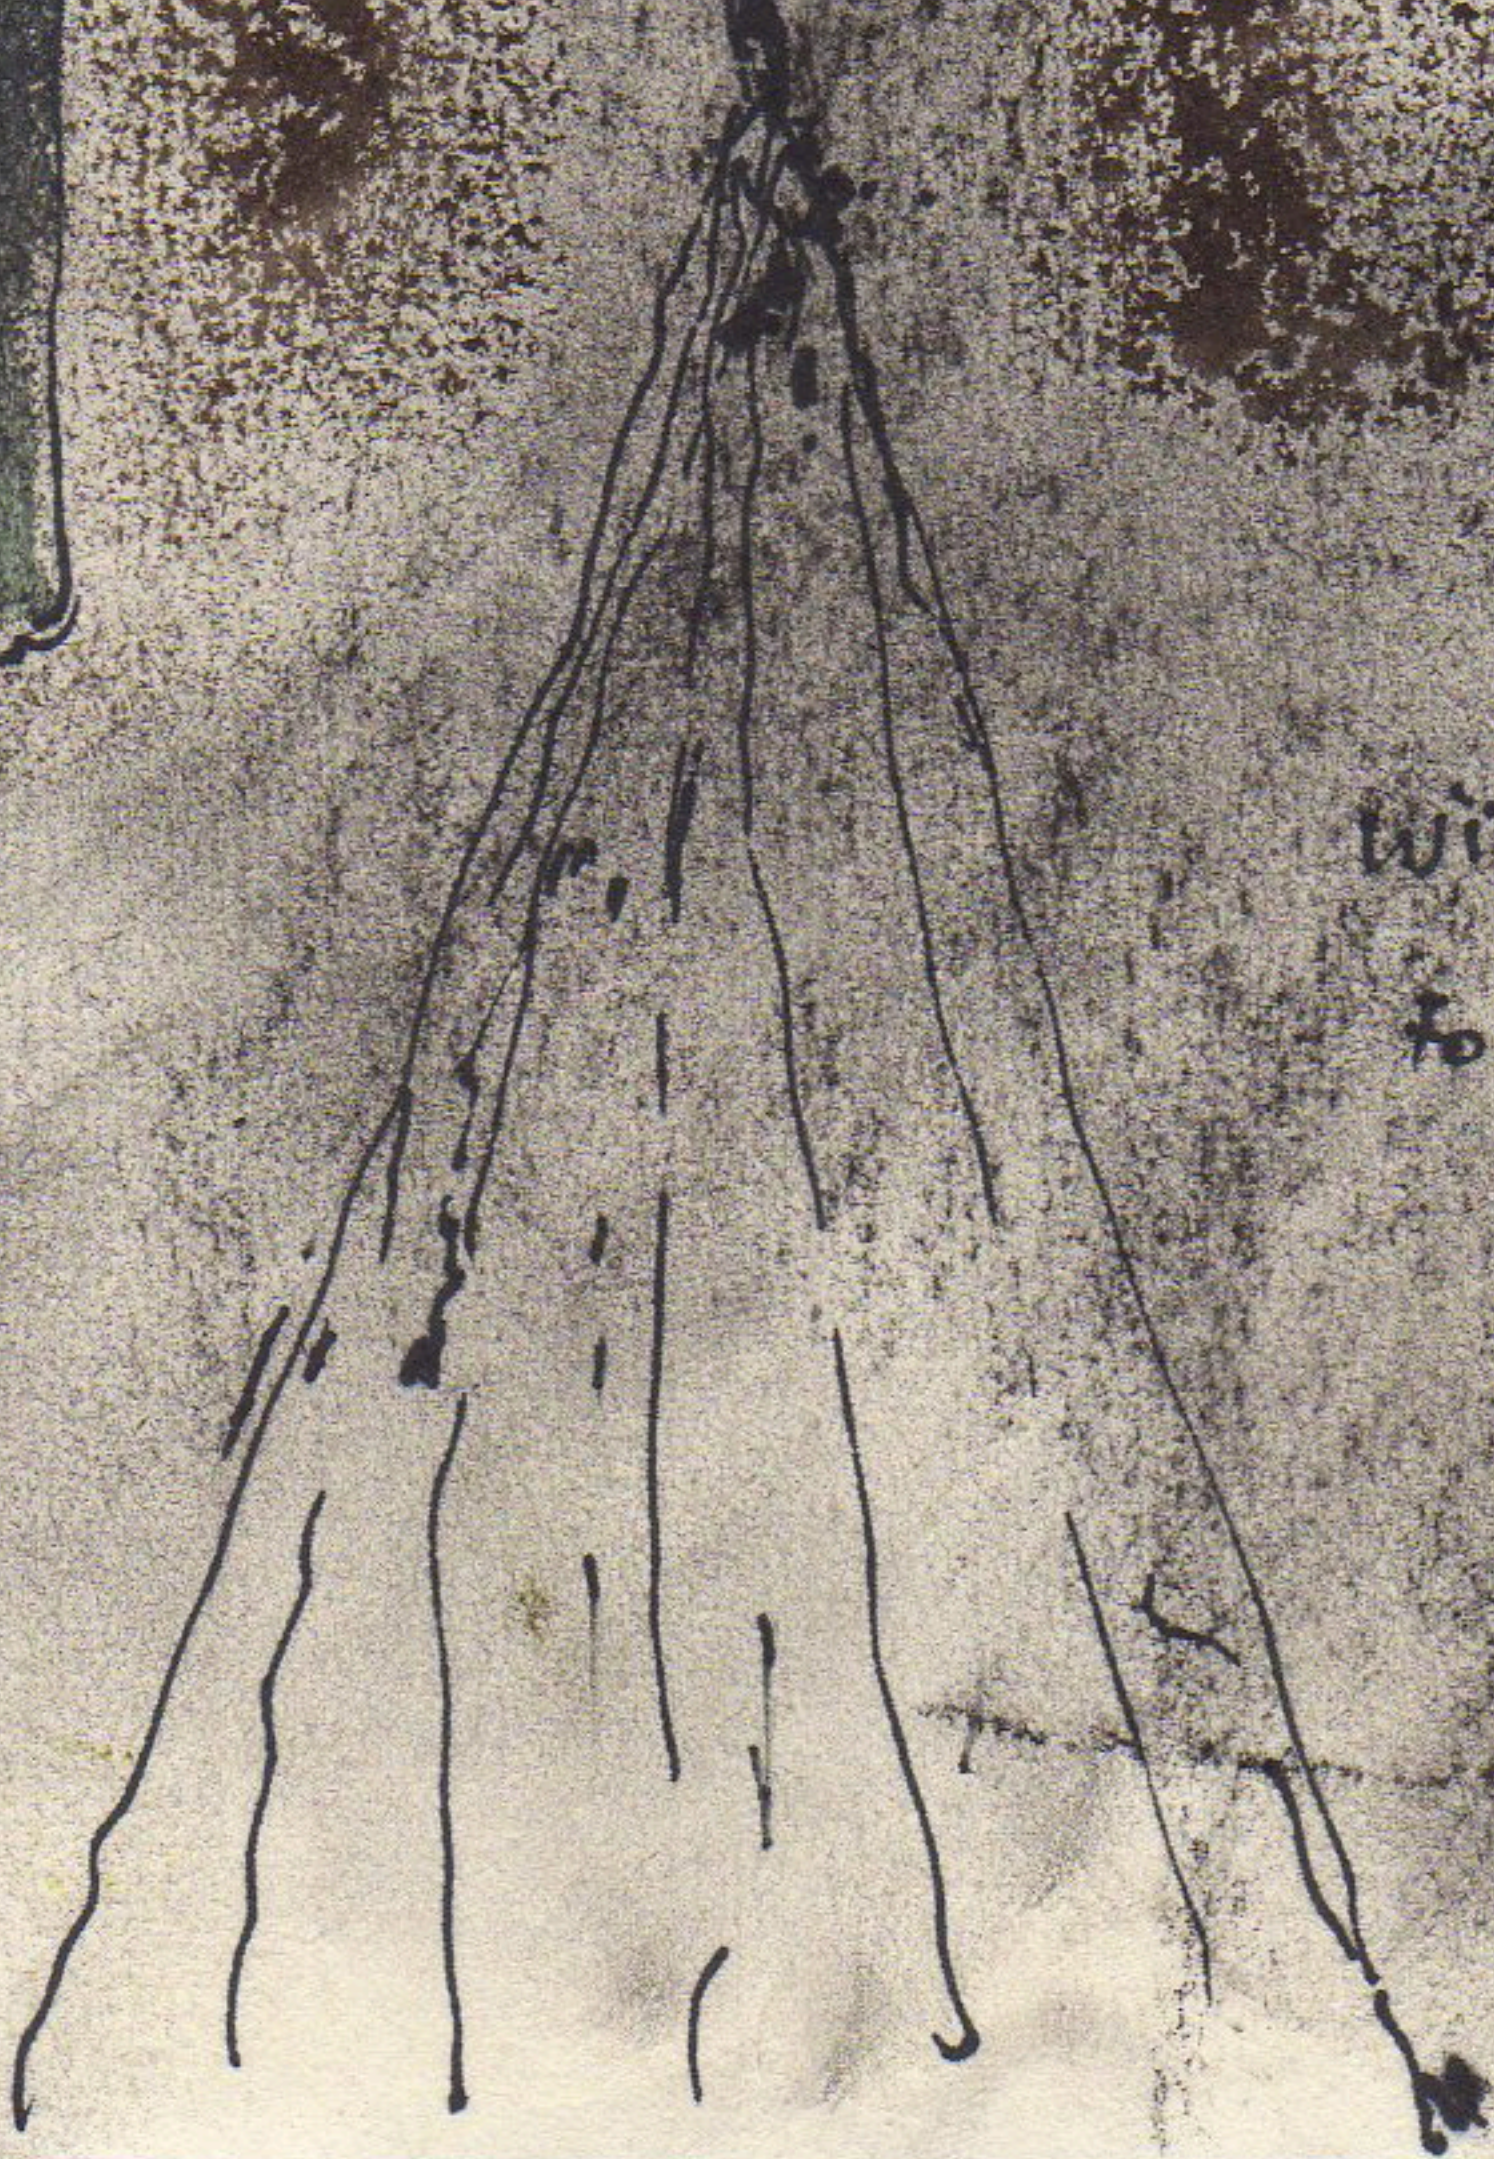

They think I cannot hear them.  
That is what I think I am here  
for them to not think of I  
When they do not think of I  
I can exist freely and

... on the top is the what

Without sin, journey  
to my special  
friend.

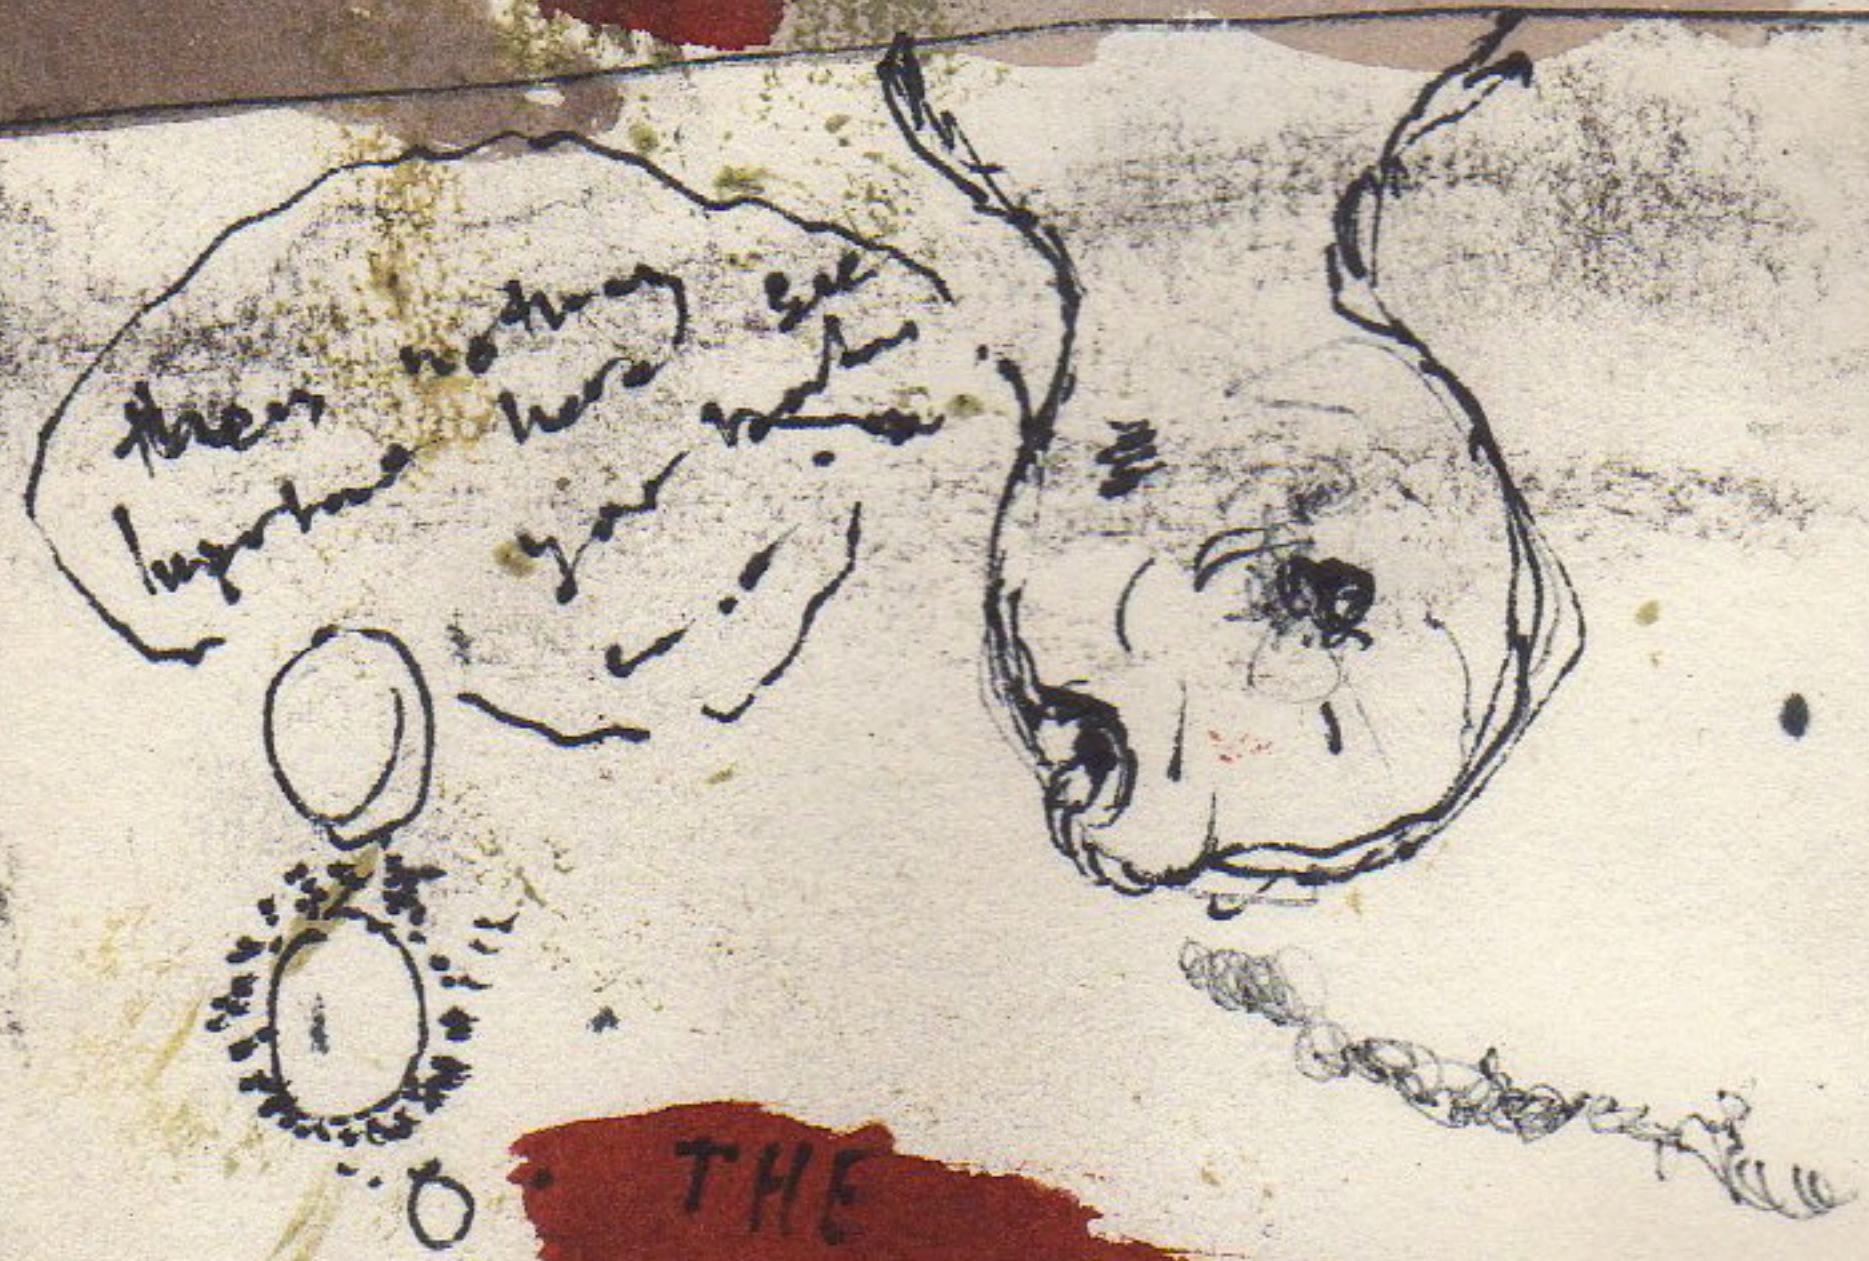

BY THE TIME

closed

THE INEXPLICABLE

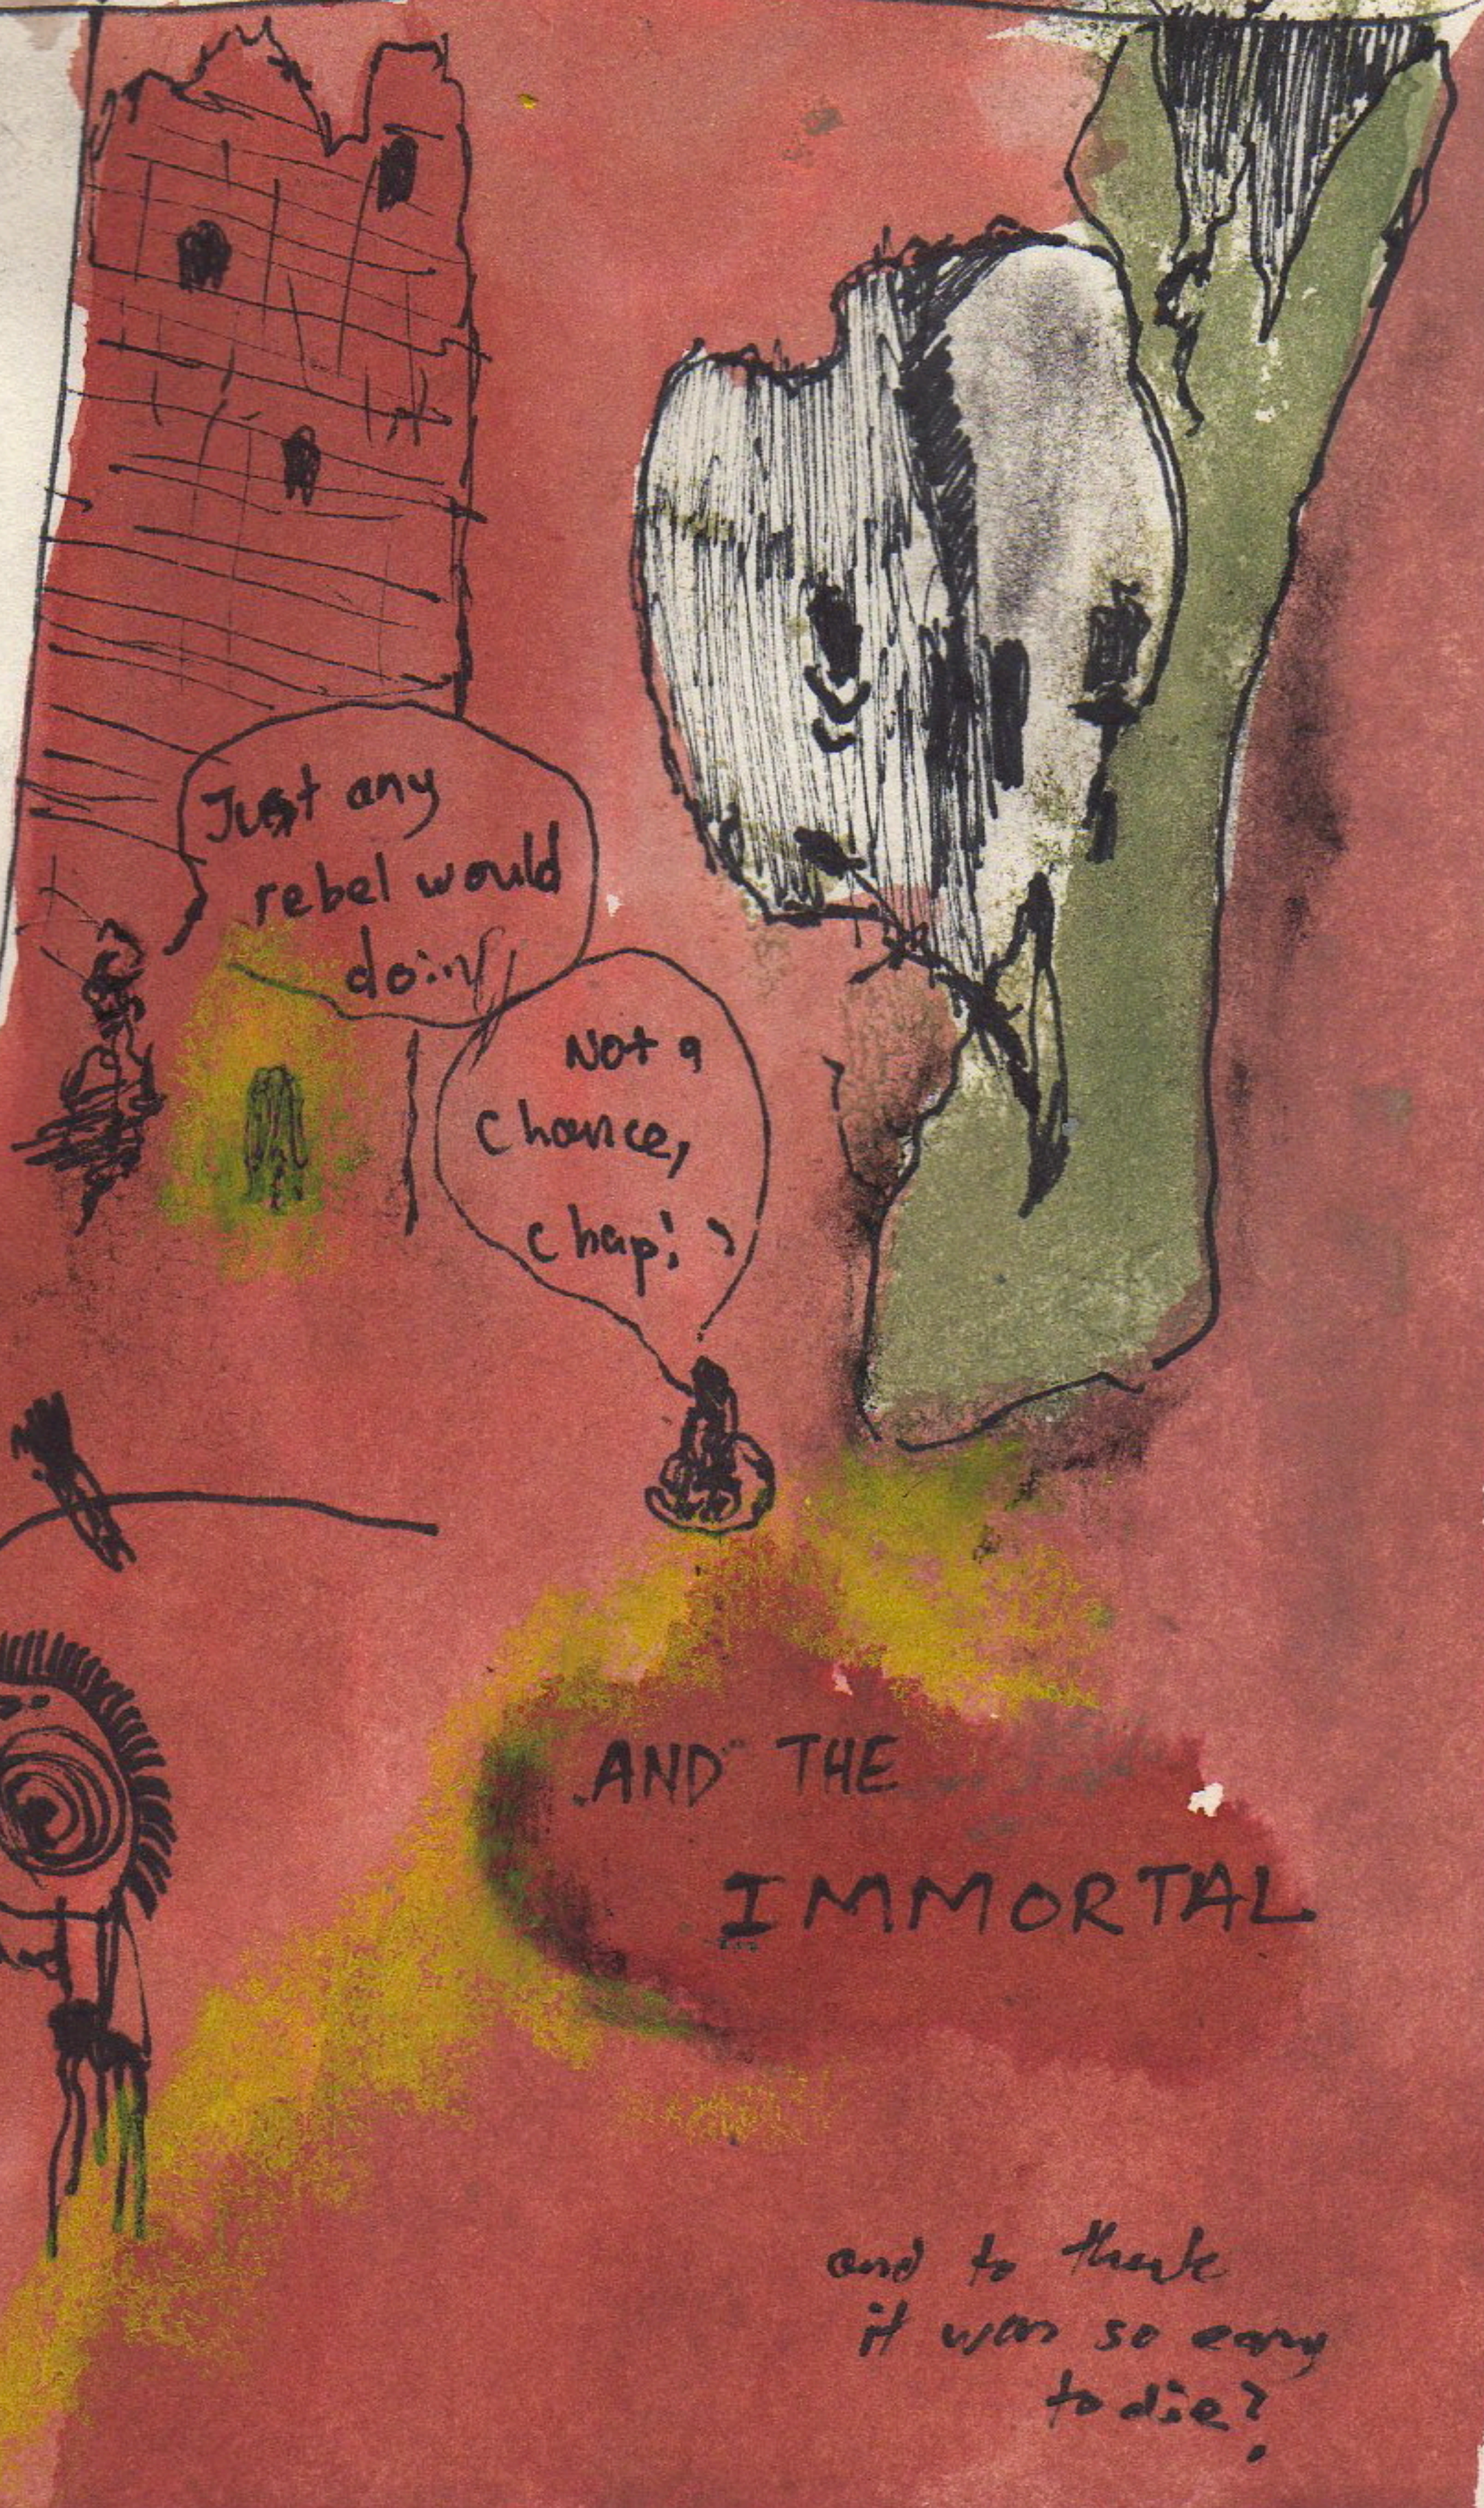

THE  
INEXPENSIVE

skill?  
It's the declaration  
of the masses...

It's quite a  
devastation.

Just any  
rebel would  
do it

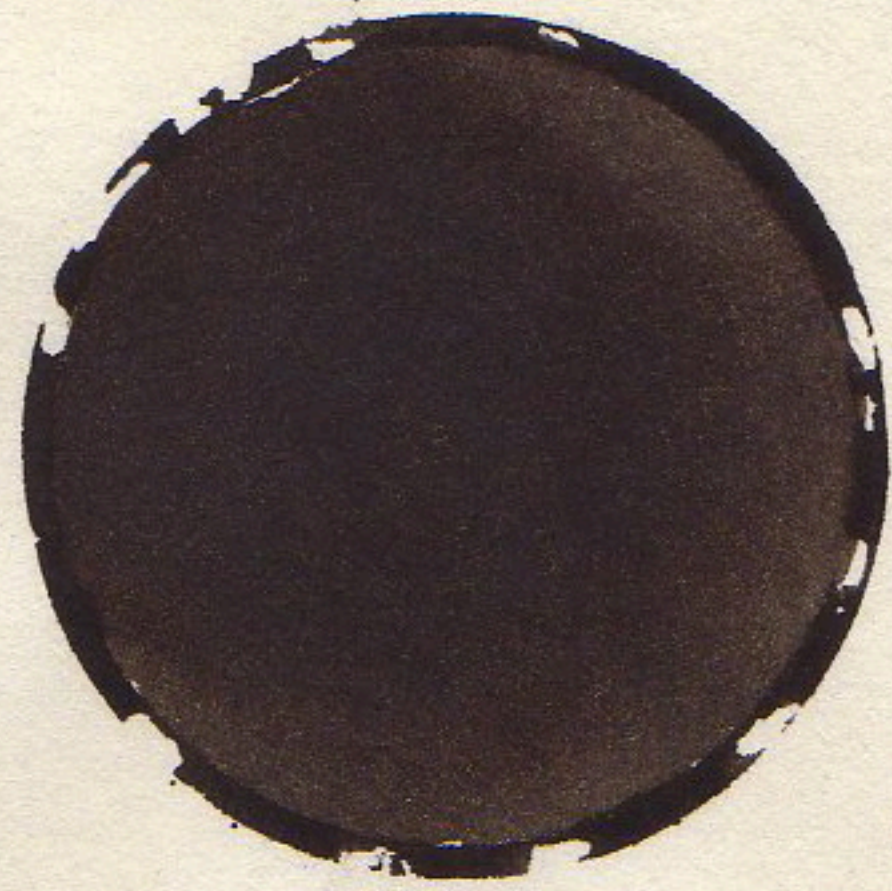

Not a  
chance,  
chap!

AND THE  
IMMORTAL

and to think  
it was so easy  
to die?

Why is there always the one?

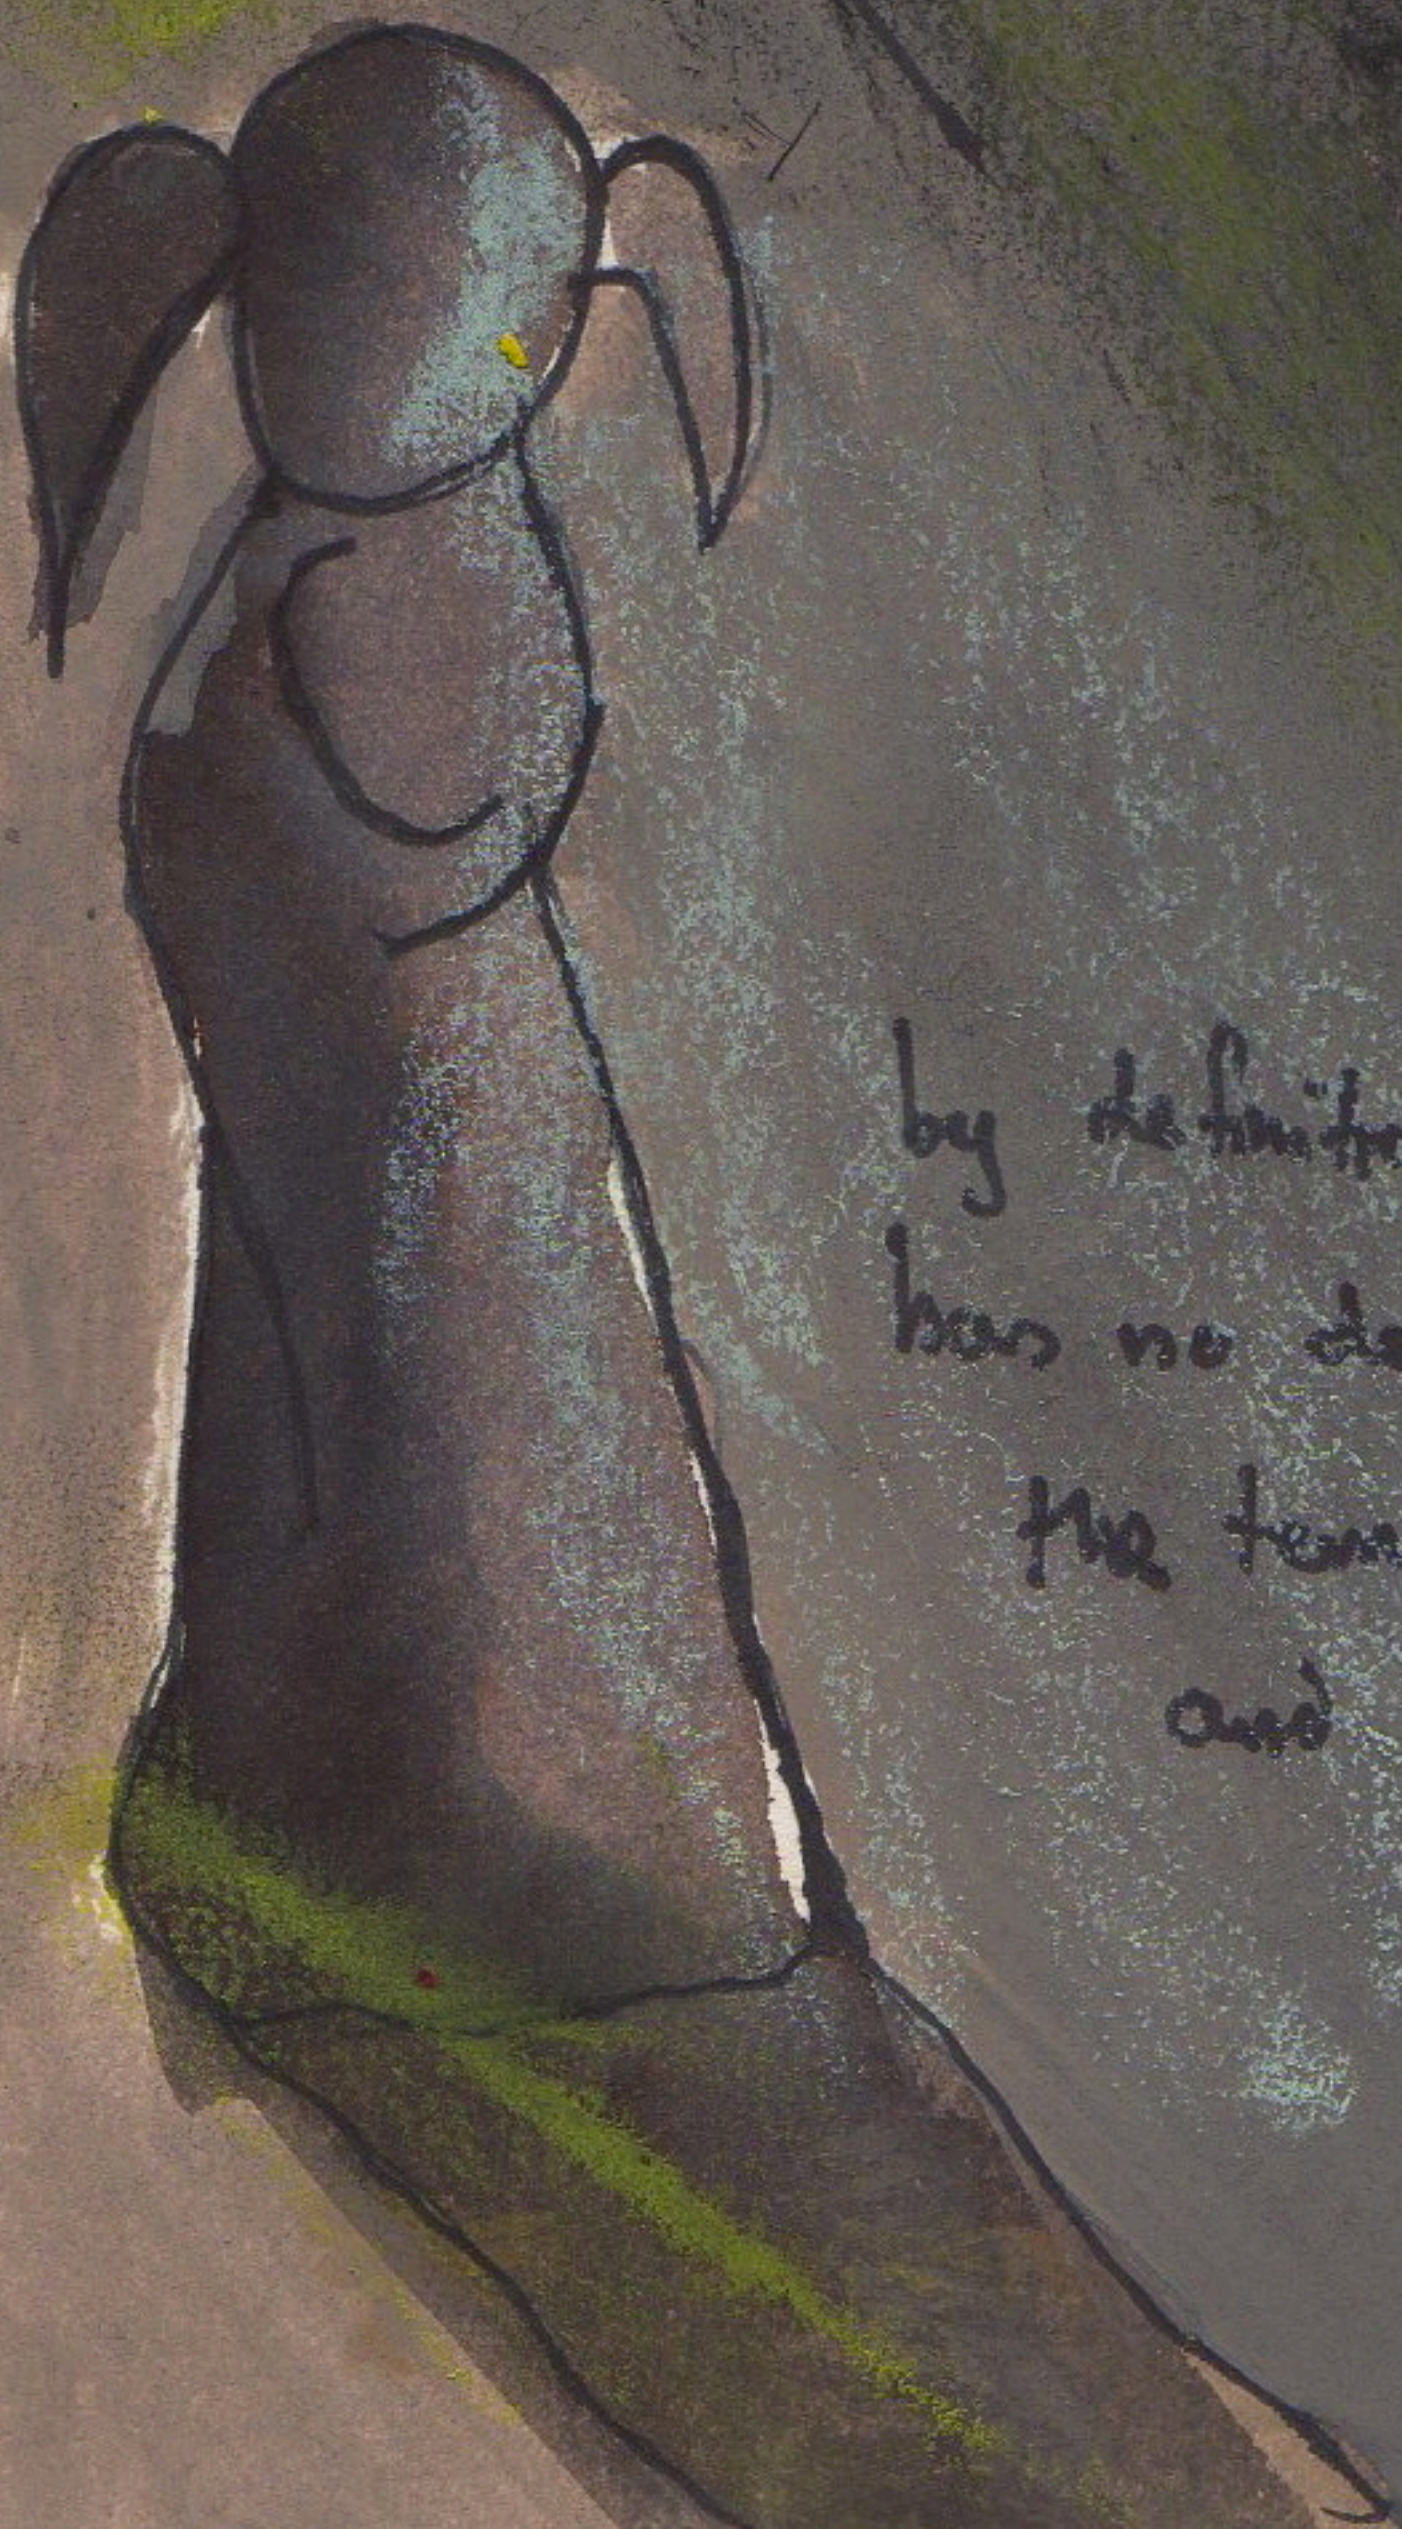

At times, we knew that we were giving,

also we were receiving,

but most of all, we were

cancelled out

by definition, this silence  
has no defining qualities save  
the temporal structure of reality  
and the persistent being of  
the total annihilation  
of order in  
the mind.

We were bound to finish something.  
The signs were clear from the moment of  
the inception. We had to take the time  
with the microcosm and that was because  
the macrocosm itself is an abolishment of time.

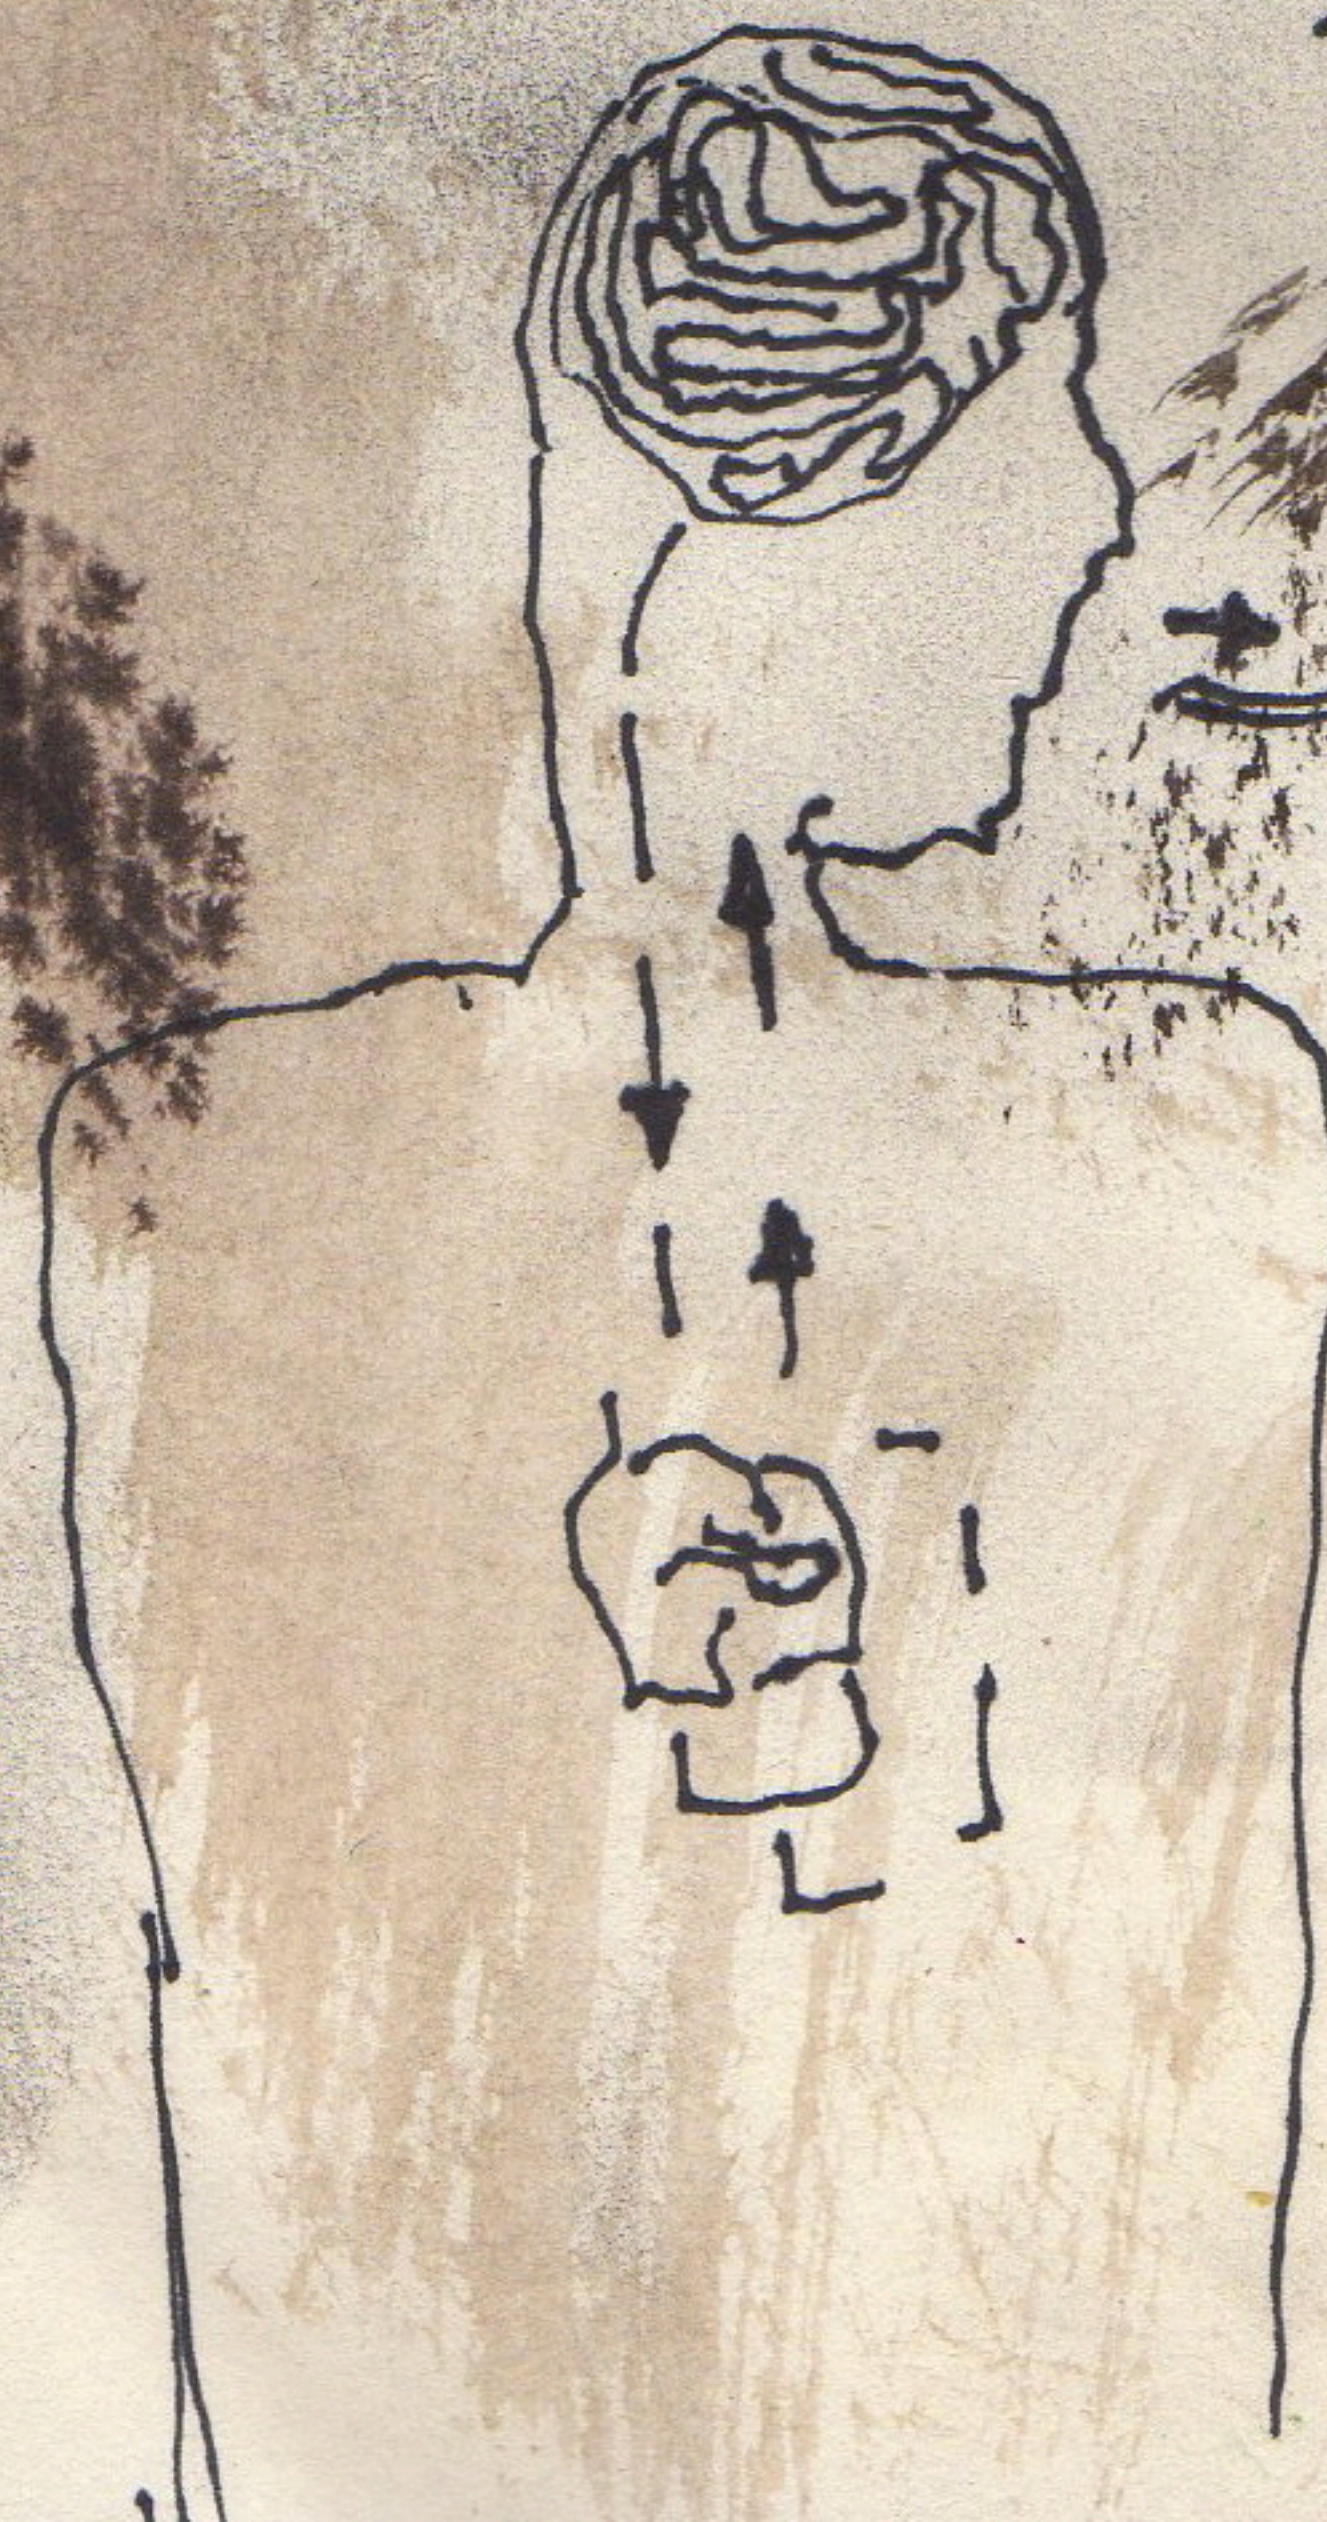

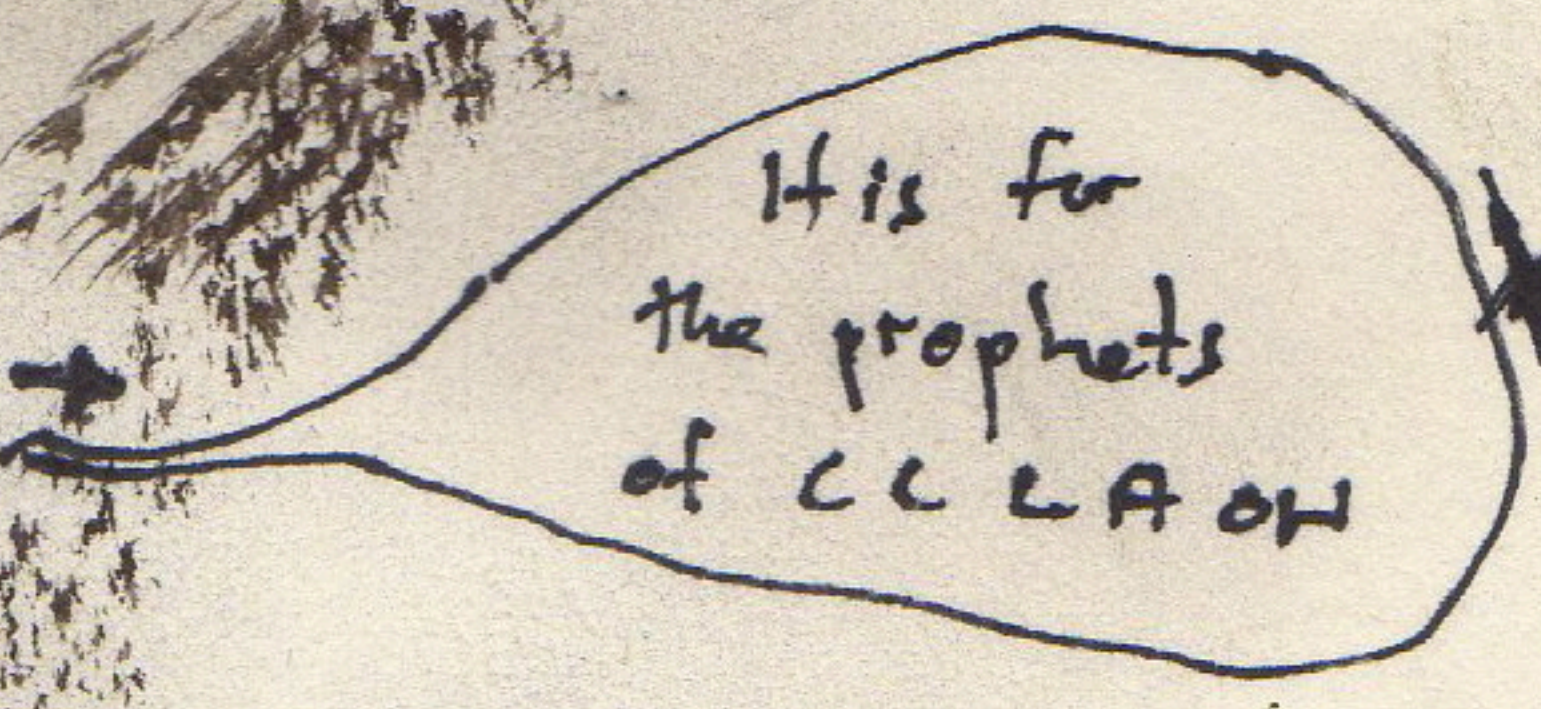

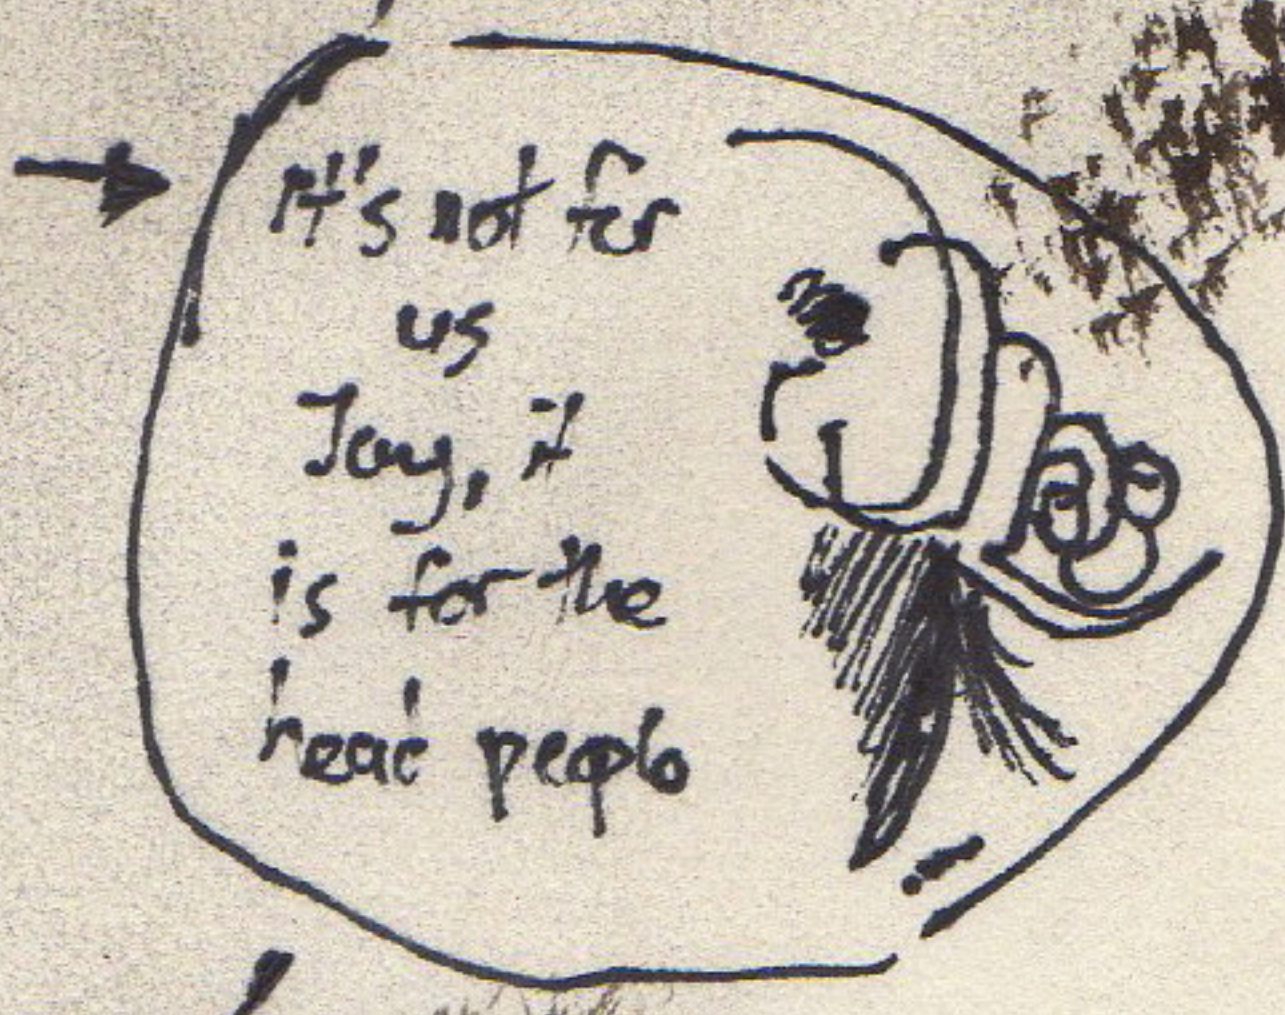

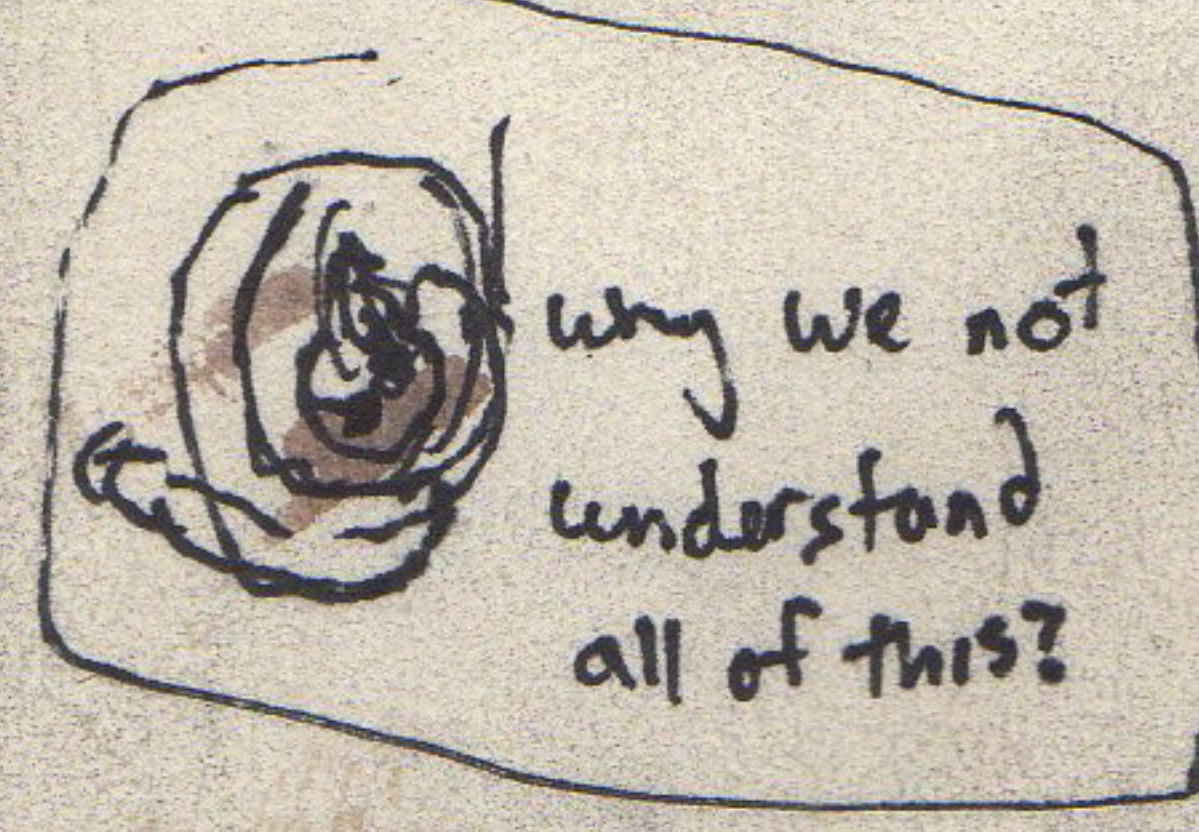

We were faced with a sickness  
We could not call our own.  
This was our soul witness,  
the primary confusion that  
set all other confusion  
into motion.

⊙ We could not bear  
to lose ourselves to  
the storm so we  
became bigger than  
the storm.

• We could've proved  
all of them wrong

but in the end, what  
mattered most was the  
recovery of our unit chief.
